

QUADRO

QUADRO Concepts International was established in 2020 to design, develop and build modular outdoor kitchens of exceptional quality and aesthetic appeal in Australia.

Materials and appliances are sourced from leading European manufacturers, and paired with a modern, modular design concept that combines attractive looks with intelligent engineering.

Modular Outdoor Kitchen

Elegant lines and beautiful details created by Quadro Concepts, with a choice of architectural stone finishes by Ascale, engineered to seamlessly integrate with the Artusi Alfresco product range.

ASCALE Bench Top

The stone selection is based on the highest International interior design standards, imported from Spain, Ascale is a scratch, heat and stain resistant porcelain stone with a 25 year factory warranty.*

Intuitive DIY Assembly

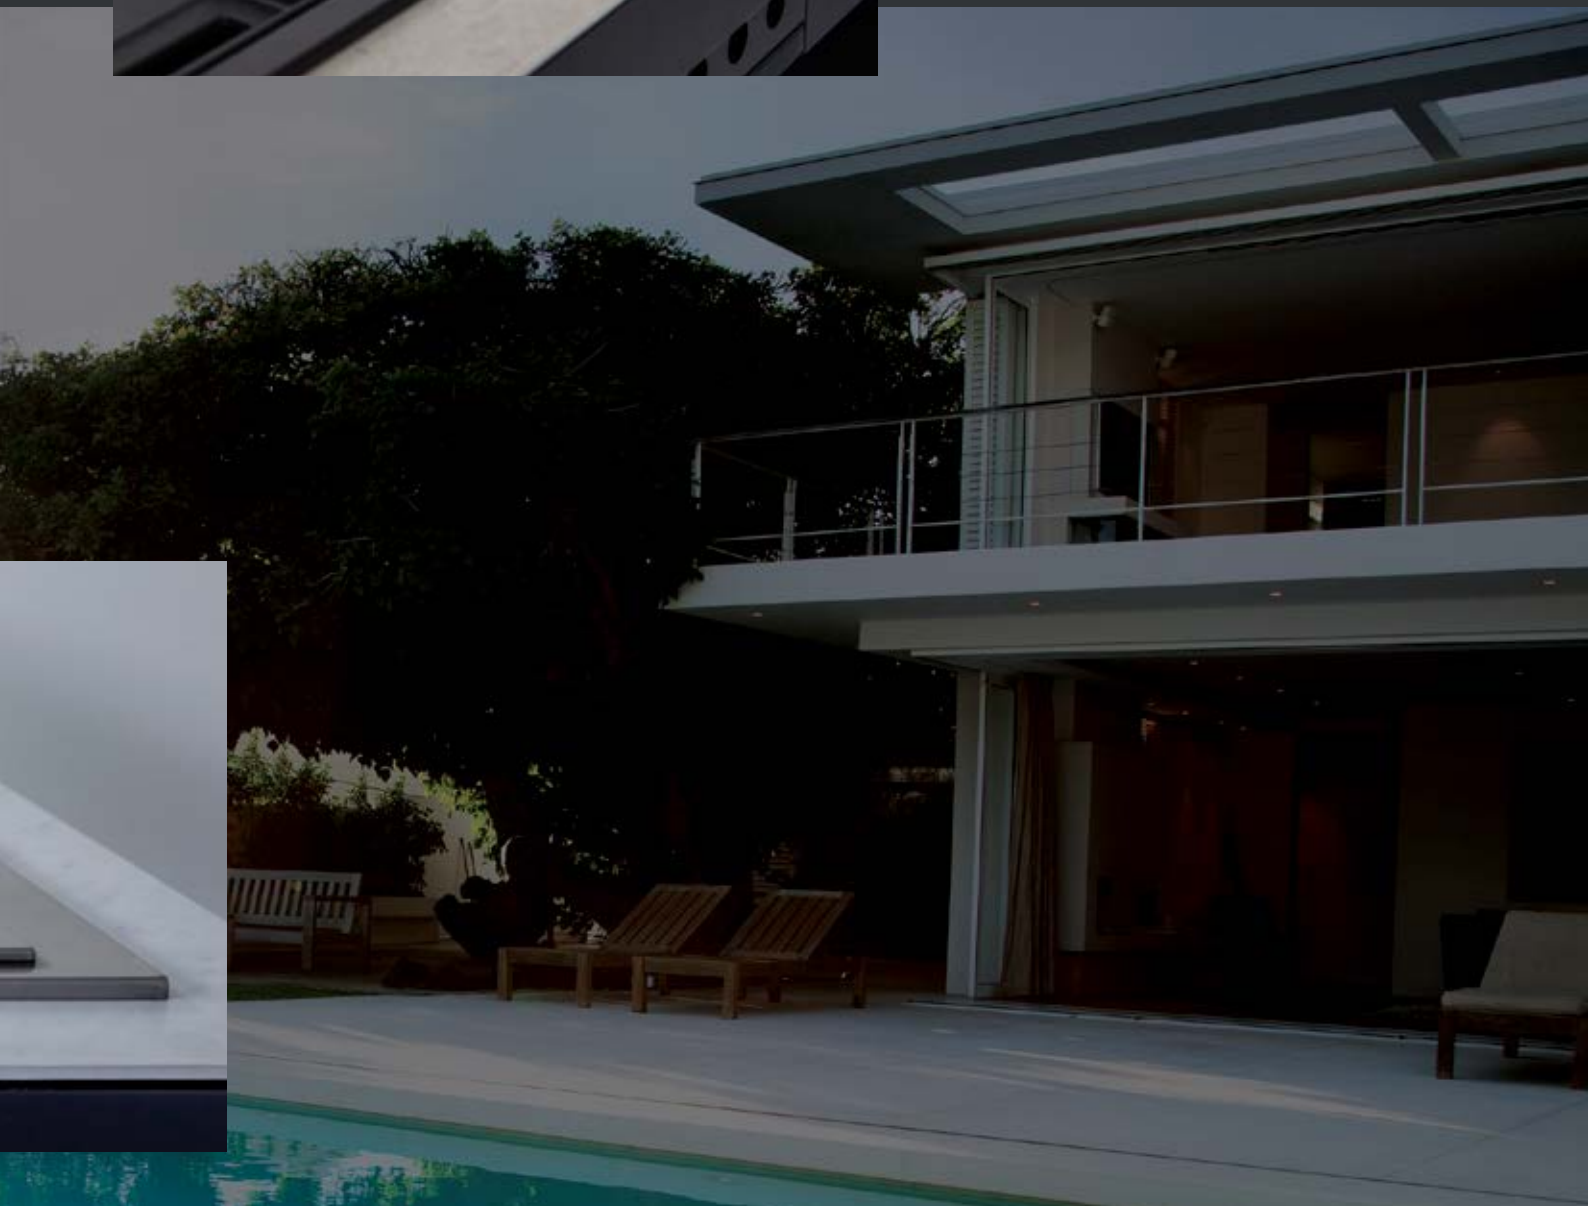

DIY assembly in less than an hour with step-by-step video instructions provided. Recommended two person installation, 6-9 easy steps with a single tool.

ARTUSI Appliances

Aperto has been designed exclusively to integrate Artusi BBQs, single and double door outdoor fridges, with a wide range of configurations and upgrades available.

* 25 years against discolouring and weather damage.

Intelligent Packaging

Custom designed 10mm cardboard boxes come flat-packed on a double pallet for ease of handling. There are two cartons per unit, with a maximum weight of 40kg each.

Responsible Engineering

The Aperto range is made from materials with over 50% recycled content, packaging consists of 100% recycled cardboard, and all products are fully recyclable.

Symmetrical Layout

The Aperto outdoor kitchen can be assembled either left or right oriented, and the cupboard and Aperto Cube doors can be installed left or right opening.

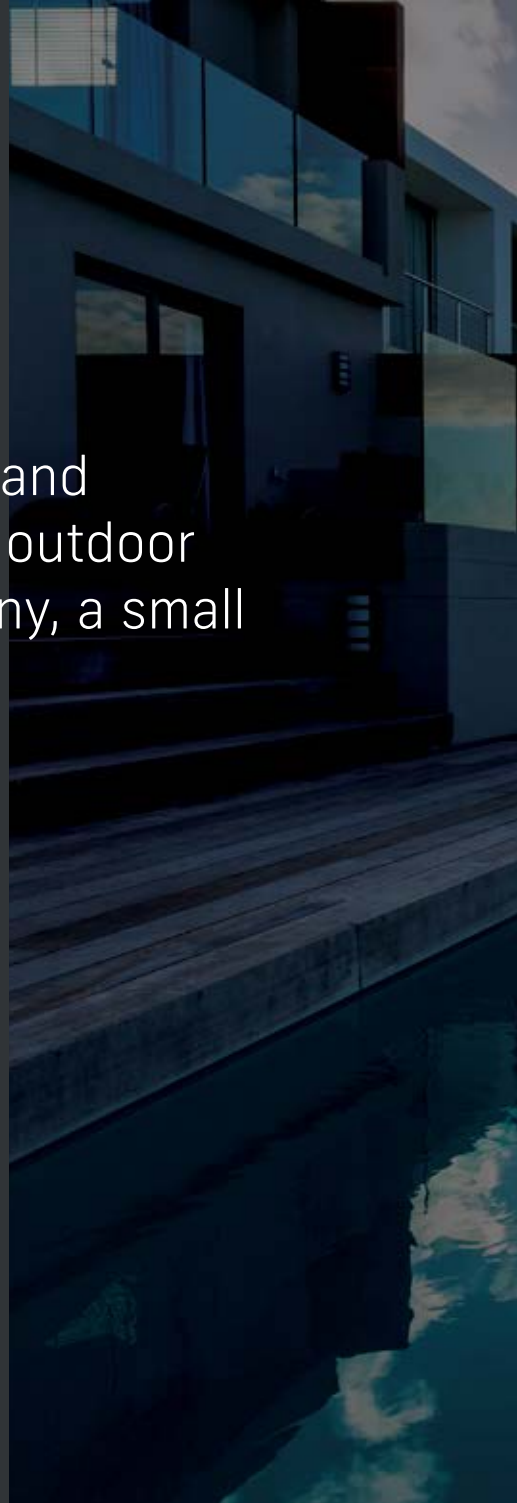

A combination of style, quality and convenience that elevates any outdoor entertaining area, be it a balcony, a small deck or a large alfresco space.

Designed with convenience in mind, the Aperto BBQ range includes a galvanised internal frame, a combination of powder coated external surfaces and porcelain stone finishes in Ferro, Ascale and Bespoke design options. The 1400mm, 1900mm and 2400mm wide benches are available in a variety of configurations.

FERRO - 6mm porcelain benchtop in three standard finishes, galvanised and powder coated base.

ASCALE - fully stone clad bench top and legs in three standard finishes, galvanised base frame.

BESPOKE - wide range of stone finishes configurations and accessories with Quadro design consultation.

APERTO FERRO

Elegant, minimalist, affordable.

The Aperto Ferro range is designed to fit into any space and any budget. Helping you make outdoor entertaining beautiful.

The Aperto Ferro outdoor kitchen is available as 1400, 1900 and 2400 model. All feature a 6mm Ascale porcelain stone top in one of three standard finishes, and a satin black steel frame and base.

The Aperto Ferro can be set up left or right oriented, in a variety of configurations. Both 1900 and 2400 include partition panels and fascia panels to round off the sleek look.

The 2400 comes with a satin black steel cupboard to store BBQ accessories or a gas bottle.

APERTO BESPOKE

Luxurious, uncompromising, unique.

Express your personal style with a range of incredible Ascale stone finishes imported from Spain. Pair pure luxury with ease of installation to create your personal masterpiece.

Any model in the Aperto range can be customised by selecting one of the many Ascale stone finishes.

In addition, a sink and tap can be fitted, and the powder coating colours can be adjusted to match the stone. Other appliances may also be integrated.

A Quadro design consultant is available to guide you in your decisions. Please contact us via the website.

ACCESSORIES

Stunning, practical, versatile.

The Quadro Aperto Accessories range has been created to complement the unique combination of style and practicality that is found in all Quadro products.

Cutting Board | QCTVB

A custom cutting board has been designed to fit the Aperto Cube. The board is made from solid Tasmanian Oak, laminated and 20mm thick. This stunning piece provides the perfect surface for preparation and serving of food, and can easily be removed for cleaning.

Aperto Cube | QBE

The Aperto Cube is a practical storage and serving unit on wheels that fits neatly underneath the outdoor kitchen benches. The wheels allow the Cube to be pulled out and used as additional preparation space while cooking, or as a mobile serving unit at table height. The doors are fitted with 270 degree hinges to fold neatly away against the side of the unit. The Aperto Cube comes with a removable porcelain stone top to match the finish of the bench.

WeatherProtect | QAWP

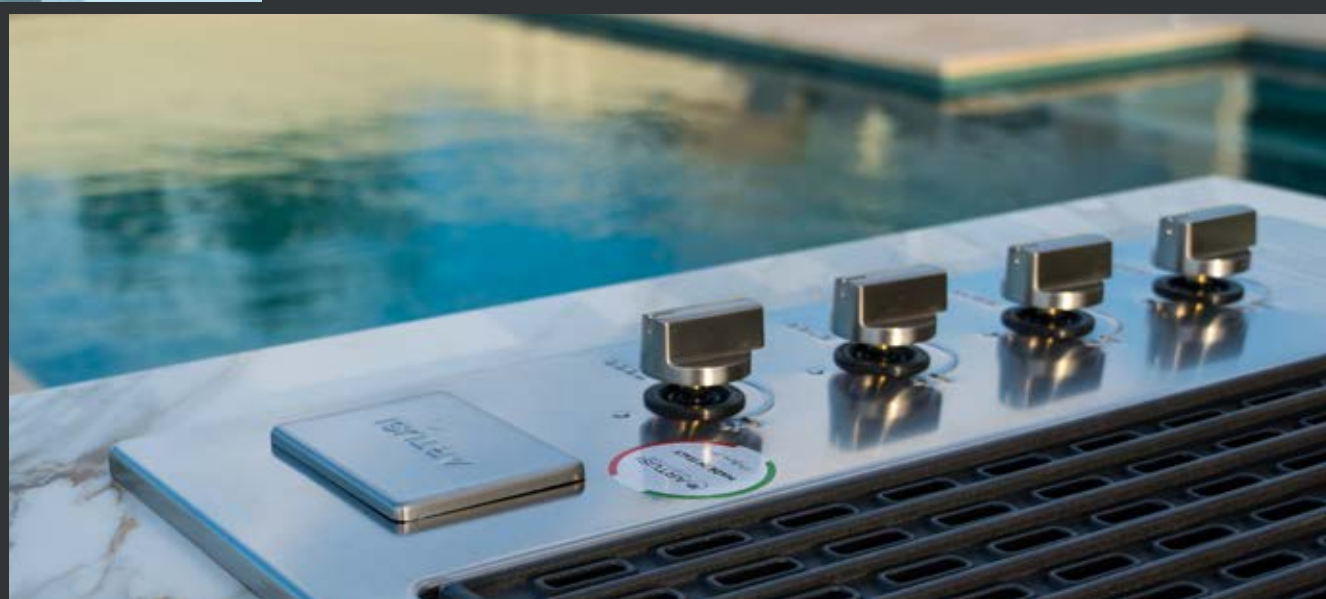

A tailored cover has been created for the perfect fit. Zips on each corner make the fitting and removal simple, a draw string around the base secures the cover, and the impregnated fabric is designed to keep the elements out. The WeatherProtect comes in a practical storage bag.

PARTNERS

Artusi cooking appliances have been inspired by the legendary Pellegrino Artusi, the father of Italian cuisine. Designed with the modern day home cook in mind, these appliances combine sleek lines with high-end functionality and performance – all made to the highest global standards. So whether you are a casual cook or a true artist in the kitchen, we want our BBQs to play a part in your enjoyment of the principles laid down by Artusi himself.

artusi.com.au

ASCALE Surfaces are the result of revolutionary technological advances in the production of ceramic and porcelain products. These technological advances allow ASCALE to reproduce the natural sintering process of metamorphic rock, which takes thousands of years, in a matter of minutes. ASCALE combines 100% all natural minerals and sinters these minerals under extreme pressure and heat.

QUADRO

Installation

Please use the video instructions provided. If you have questions, please contact a Quadro International representative to assist you with the installation. Do not lift heavy elements on your own and handle the porcelain stone elements with extra care.

\$) / Installation and handling damage is not covered by Quadro International warranty.

Sustainability

All Quadro products are designed to minimise their environmental footprint. Materials used generally have a recycling content of 50% - 100%, and PVC has been completely eliminated in the design. However, please ensure that packaging materials are recycled in the appropriate way.

Warranties

All Quadro products hold a general 3 month replacement warranty against material or functional defects, as well as a 12 month structural warranty. In addition, the porcelain stone holds a 20 year factory warranty backed by Tau, Spain. To make a warranty claim, please use the form on the website at www.quadroconcepts.com

Appliances

Please read the instruction manual provided with the appliances carefully before installing and operating these. If you have questions, please contact the representative for the appliance brand.

NOTE: Quadro International will not be held responsible for any defects, installation requirements, loss or damages in connection with the appliances.

Disclaimers

Any information provided in this document is subject to change without notice. Should you require additional information, please contact Quadro 22
